BRIEF ABSTRACT OF LETTER.

Reports on the affairs of the temples of Sri Brahmeswara Devaru, Ramesvara Devaru and Chintamani Narasimha Devaru at Kudli in the Shimoga Taluk.

NOTES AND ORDERS.

Sub 1/3) During the late mvg. Superintendent Rao Bahadur Mr. Seeniwasacharlu's inspection of the temples of Sri Brahmeswara, Chintamani Narasimha Devaru and Rameswara at Kudli in the Shimoga Taluk, in the month of Feby 1908

it was complained to him that the temples held extensive Inam lands in Hoisanahalli, Venkatapura and other villages. That these lands were in the gratuitous enjoyment of temple upadhi vantas, many of whom were not even residing in Kudli. The ryots also complained that the Shanbhogue was collecting just as he pleased, the pooi amounts due on the lands, and was not even furnishing receipts for the amounts paid to him. The Dy. commissioner was written to to report on the above complaints.

In the year 1904, the Dy. Commr submitted a Statement showing the income and other particulars of the Inam lands. Further information was called for on the subject in this office Rukkani (Ribg) of the 30th May 1904.

On the 10th January 1906, the late Mury. Secretary Mr Bhashyam Rao inspected the Brahmeswara temple. (Ribx) It was again complained to him that the temple servants were not

attending to their duties properly. The Dy. Commissioner was asked to set matters right.

That officer has submitted a statement marked (A) showing the Inam lands endowed to the 3 temples.

Sri Brahmeswara Devaru:- This deity is endowed with Inam lands in 8 villages measuring 1178-12 and assessed at Rs 1812-4-0 in addition to the lands in the inam villages of Muttagadahalli and Belalkatte assessed at Rs 306-15-1. The present net income therefrom is Rs 147-3-9

Sri Rameswara Devaru:- This Deity is endowed with Inam lands in 8 villages measuring 454 acres and assessed at Rs 779-8-0 in addition to lands in the above two Inam villages assessed at Rs 136-8-4. The present net income is Rs 47-8-7.

Sri Chintamani Narasimha Devaru:- This deity is endowed with Inam lands measuring 262-25 and assessed at Rs 410-4-0 besides lands in the 2 inam villages assessed at Rs 41-9-6. The present net income is Rs 92-12-0. This deity is endowed with an annual Cash Sasik of Rs 2-15-0

The lands in Belalkatte are reported to be personal Inam

intended for services in the temple and the Dy. Commr states that they cannot be resumed.

The 3rd village of Muttodu is reported to be a mixed Inam village consisting of Brahmadaya Veilis and Devadaya lands. The Dy. Commr reports that he is taking steps in the matter of introducing Survey and Settlement into the Inam village in order to ascertain the exact extent and assessment of the lands belonging to the temples.

The Dy. Commr further reports that the income from the lands is being mis-appropriated. that some of the lands have been alienated that many of the lands have been leased out for inadequate rent while the temples get nothing from the remaining lands in the possession of archakas and others many of whom do not render service in the insts. Revised scales of expenditure for each of the 3 temples providing only for such of the services as are considered

The Devadaya inam lands have been unauthorized alienated from the object of the grant, and the services too are not conducted regularly. The Govt. dues also have remained unpaid. Under the circumstances it behoves Govt. to assume the management of the temples and their vast lands endowments as recommended by the D/Commr. The scales proposed by the D/Commr. appear suitable and as may be adopted as a tentative measure subject to revision later on when more funds become available. The D/Commr may be requested to take needful action under the rules of the Notn. of 17th Nov 1877 regarding the unauthorized alienation of the Devadaya inam lands.

Secretary to Government
Muzarai Department.

Sir,

With reference to your
Mukari No 1336, Dated 28th March 1898, re the
affairs of the temple of Sri Brahmeswara
swamy, Rameswara Devaru, and Chintamani
Narasimha Devaru at Kudli in the Shimoga
Taluk. and your Subsequent letter No 4067
dated 22d February 1907 on the same subject,
I have the honor to State that the temples
in question are endowed with Inam
lands as per details shown in Appendix A.
The temple of Sri Chintamani Narasimha Devaru

receives

receives also a Cash allowance of Rs 2-15-0 per annum from the Mirasi Department.

2. The lands belonging to these temples are partly in the enjoyment of the temple servants and partly in that of ryots who cultivate the lands on behalf of the temple. A few of the lands are stated to have been alienated by means of sale &c. The lands in the possession of the ryots are called "Kattle" lands, the profits of which are intended to be used for expenditure connected with the services in the temple. The servants of the temple pay the jodi and the cess on the lands that are in their enjoyment, but they pay nothing to the temple. They are also reported to have encroached upon the Kattle lands and to enjoy at present more than their allotted share of the lands. The ryots that cultivate the Kattle lands pay a rent which is very much less than even the jari amount allowed for the lands. Hence what is actually left to the temple after satisfying government dues is not more than a ninth part

Case of Sri Brahmeswara Devaru, 1/21st part in the case of Sri Rameswara Devaru, and 1/26th part in the case of Chintamani Narasimha Devaru of the total jari amount for the entire Lands. This amount is spent for Services in the temple year after year; no Savings accrue from which to provide funds for the repairs &c of the temples. Thus though the temples possess extensive lands they have very little funds at their credit, the balance at the credit of these institutions at the end of June 1908 being as per margin.

Sri Brahmeswara Devaru		
	Under Muzrai Funds.	231-8-5
	In Government Savings Bank	14,2-0-0
	In Government of India Promotes	400-0-0
		773-8-5
Sri Rameswara Devaru		39-14-5
Sri Narasimha Devaru		32-14-1

3. The lands are at present managed by irresponsible persons such as the Archaks of the temples and they have so grossly mismanaged the affairs, that large arrears of amounts due to Government and the temples are outstanding and that no accounts of the amounts due and collected, and of the receipts and expenditure of the

temples

temples are kept. As matters stand at present, it is not possible to find out the exact amounts due to the temple.

Sri, Brahmesvara Devaru 298-5-2
Sri, Rameswara Devaru 178-6-2
Sri, Narasimha Devaru 5-4-3.
} The arrears due to Government up to the end of June 1908 are as per margin.

4. The Services in the temples are not properly performed. Nominally there are numerous Servants for the temples but though they enjoy lands for the purpose, they do not perform the Services for which they enjoy them. Daily puja is stated to be performed regularly, but the other Services either Ordinary or Special are not rendered properly. Many of the Servants do not reside at Kudli and their Services are consequently not performed, while even those that reside at Kudli either do not perform the Services at all or perform them, but in a very perfunctory manner. A list is appended (appendix E).

The

showing the description of the Upadhies, the names of the Servants that are expected to perform their the Lands that they enjoy for the purpose, the places at which they reside and whether they perform the Service or not. It will be seen from this Statement that many of the Services are unnecessary. I Submit herewith a Statement (Appendix C) Containing revised Scales of expenditure for each of the three Temples providing only for Such of the Services as are Considered necessary, and Solicit the Sanction of Government to adopt this Scale and remunerate the Servants in Cash by monthly payments as thereby an effective Check over their work can be exercised.

5. The Temples of Rameswara Devaru and Brahmeswara Devaru are stated to be in utter disrepair and in Such a dangerous Condition that the roof

may

may Collapse at any moment. An estimate for Rs 4,745/- for repairing the temple of Sri Brahmeswara Devam was prepared by the Public Works Department as far back as the year 1900, but it was allowed to lie over for want of funds. As already explained the question of funds is not more encouraging now than it was in 1900, but if all the lands belonging to the temples be taken over under Government management and leased out for full assessment or in any other way more profitable to the temples, either to the present holders or others, a large income may be realized and after making provision for the payment of the Government dues and the services in the temple, a large surplus each year may be expected to accrue, since all the lands belonging to the temples in the [illegible] Government villages of Kudle, Belagalu

Kadikere Hoyisanahalli, Gundakoppa,
Danayakapura Siddapura and Venkatapura
have been separately surveyed and
assessed and almost all are under
Cultivation. Details of the probable
income, expenditure and savings are
shown separately for each temple in
(Appendix D). In this only the difference
between the full assessment and the
Jodi is shown as the income, but I have
no doubt that the income can be
made much larger by getting suitage
for the better lands in addition to the full
assessment. I therefore solicit sanction
to take over these lands and also the lands
belonging to the temples in the Jodi Village
of Muthodu under Government management.
The lands in Belakkatte are personal
Inam granted for performance of certain
Specified Services in the temple and as
such cannot be resumed. Meanwhile
it may be necessary to apply for a grant
from the State funds in order to execute
urgent

urgent repairs to the temples, so as to prevent their Coming down. I shall obtain and submit at an early date estimates for the works that may be urgently required.

6. The jodi village of Mutthoda in which the temples under reference are situated along with certain Brahmadaya Vrittidars, has not been surveyed and settled. I am taking steps in the matter of the introduction of the survey and settlement into this Village, as such a step is necessary in Order to ascertain the exact extent and assessment of the lands owned by the temples.

I have the honor to be

Your most obedient Servant.

This is a Village enjoyed by the pagodas mentioned in Col: 15 and their Upadhivants or persons performing services in them There is in this village government land, perhaps a formerly resumed Upadhi of the value of Rs 50-14-4 and a waste Upadhi land of Rs 22-11 on which a jodi of Rs 13-9-10 is not now paid to Government. A Hullubanni rent of Rs 1-8-u derived from the waste land is included in the assets of the Village. The full assessment of the resumed Upadhi was included in the jodi and the whole of the Village confirmed to the pergodas mentioned in Col. 15 on a jodi of Rs 251-8-u based upon the collections of the last 10 years' collections under that head. The jodi now fixed viz Rs 251-8-u should never fluctuate and so long as it is punctually paid and the service prescribed are rendered, the Village may be confirmed & Continued to the pagodas ~~[redacted]~~ in Col: 15 and their Upadhivants or servants The names of the Upadhivants are entered in Col: 15 for registry on the reverse of the I.D.

I beg leave to invite the Inam Commissioner's attention to the accompanying Sketch prepared by the Surveyor attached to our office indicating the land under dispute between this Inam Village & the Govt: Village of Tevarachitnahalli. A.B.C.D.E. is the disputed tract and it was made over to the Govt: Village by the Dy. Supt. of the Shimoga District. The Inamdars have not appealed against this decision and I have adopted it in this Settlement in defining the boundaries of this Village on the disputed Side.

The Sayer and Abkari are reserved & Motorfa relinquished to the Inamdars

The Inamdar's right to jungle is subject to the reservation in the Forest common Notification of June 1869

The Kattes or small tanks irrigating the wet lands of the village belong to the Inamdar, they are ~~[illegible]~~ and are not situated close to any Govt work of irrigation. The Inamdars are therefore exempt from the Irrigation Cess.

In this village as in the rest of this Magany, the value of the Inam is longer than that of the Govt. Land, and as it is stated in the old accounts that the whole of this Magany was once wholly Inam the works of irrigation may be presumed as the property of the Inamdars However this is not the point at issue, if Govt. land is less than that of the fully assessed lands belonging to Govt the works of irrigation may be left to the Inamdar He need not then be charged with the irrigation Cess.

The Joey question requires some consideration. The Inams in this Magany and the whole of it was originally a rent free grant to the several Pagodas Mutts therein situated. Portions of these Inams were resumed at various times Some of these institutions declining, and while upon those alone one half of the assessment was charged as Pagasi or Joey in the times of the former rulers as was the case all over the Naggar Country. An Extra Fanam was added to the former Pagasi at one half of the value of the Inam which was

was complained of to the late Fowzdars, was stopped the collection of the extra impost 3 ½ fanam.

On the introduction of the Chittah and Pahani accounts in the beginning of the present administration, the extra 1 fanam above alluded to was re-imposed and its payment enforced up to 1867. In that year the Vaphashimants or servants attached to the several institutions preferred complaints to the then Chief Com[r] whose views conveyed in the late Division Superintendent's Order no. 427 of 1858, ~~to~~ 14th June ruled the discontinuance of the extra 1 fanam complained of by the Vaphashimants. The order does not show that it was a permanent remission of the Pagadi and in accordance with it, the collection of the extra cess has been stopped for the last 11 years. As the original pagadi is already large and as this remission has been enjoyed for upwards of 10 years, I recommend its abolition altogether and confirm the Inams of Vaphashimants on the Pagadi ~~was~~ collected from them in this settlement.

I beg to make this remark applicable to all cases of this kind in this and in other villages

There are old works of irrigation in this village which are maintained by the Inamdar and Cumdayam ryots; the Cauvery the latter are said to be of a trifling value. If the Govt. take up the preservation of these tanks which I don't think it is worth their while considering the trifling value of the Govt. land irrigated under them, the Inamdars should also pay the Irrigation Cess.
